## Mayor's Message

The drought has made an uncomfortable hot summer. You will notice the City Parks and facilities browner and drier than usual as watering is only happening once or twice a week. Please continue to follow the drought restriction and water on even days for even addresses and odd days for odd addresses, or every other day at a maximum.

As the pandemic winds down, I have appreciated how our residents supported their neighbors and community. These are very challenging times, please remember to be kind and patient with each other as we are unaware of all the hardships people are facing. I encourage you to get your vaccine.

The City Office is now fully reopened. Come back and enjoy senior lunch, yoga, and our community events. Thanks for your patience on the road projects as the City expands and improves infrastructure.

On a historical note, the Smout Cabin has been relocated to City Hall Park. It is being further restored and was recently sealed to protect it from weather damage. Additional renovations will be pending. Also, you may notice around the City historical markers have been placed at various sites. Staff is working on a brochure for a local history tour.

Keep up the good work.
