Spring Flooding

The spring run-off this year may be similar to 2011 when the City flooded. Please prepare now for possible flooding. Basements and crawl spaces are most likely to be impacted. Those living near the flood plain, rivers, streams, and waterways may also be impacted. The City has stocked 10,000 sandbags to be used to protect homes. Consider obtaining flood insurance. For more information on flooding see the City's website or visit: www.ready.gov/floods.
