It is time for Fall Clean-up on **October 21-22**. Dumpsters will be located at Marriott Park and at Slaterville Park. Please put all garbage completely inside the dumpster, not on the ground. This is a complimentary service, so please be considerate of others using the dumpster. No tires or hazardous materials.

Autumn to Winter

Autumn provides optimum weather to transition and prepare for winter. This is harvest season, which makes a great time to plant bulbs, prune trees, pull weeds, and clean yards. Irrigation comes to an end in early October. Winterize sprinkling systems now. All City Parks will close for reservations and be winterized on October 15th. They will reopen April 15th.

Our spring floods were followed by a hot summer this year. We don't know what winter holds or if snow will come early again as it did last year. Remember there is no parking along any roads during and after snowstorms so the snow plows can operate. Snow plows will clear the most traveled roads first. Subdivisions and less traveled roads are plowed last. Residents and businesses are responsible to clear snow from sidewalks within 24-hours after a snowstorm.
