

## Important Update: Enhancing Your Community's Roadways

Dear Resident,

We're excited to share some important news about roadway improvements in your area! The Utah Department of Transportation (UDOT) is committed to making travel safer and more efficient. This year, we're focusing on the intersection of State Route 126 and 700 South in Marriott-Slaterville.

### What's Happening?

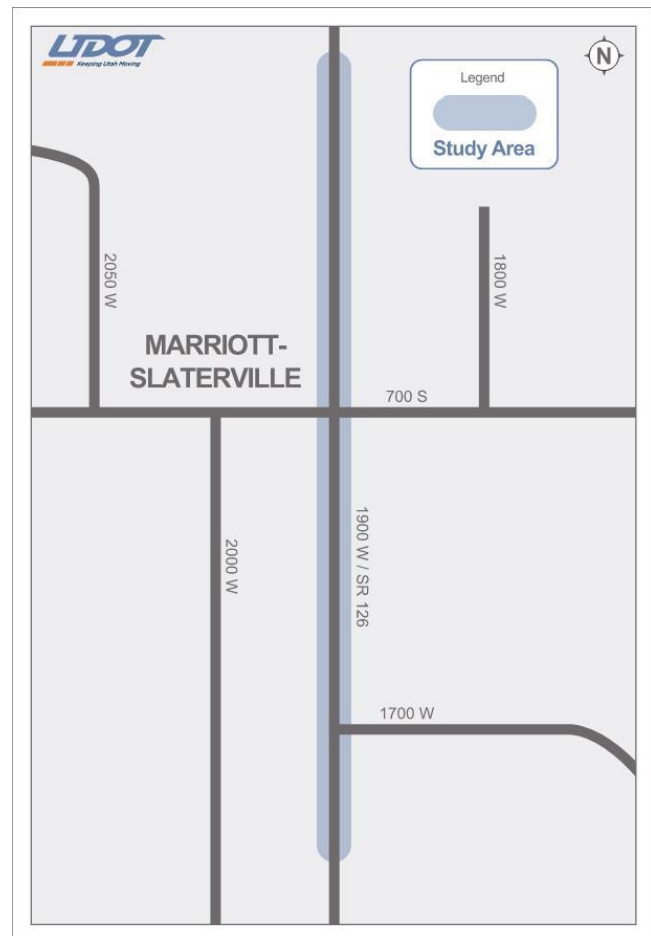

- **Widening of State Route 126:** This major upgrade includes adding new left-turn lanes to 700 South, ensuring smoother and safer turns.
- **Minimal Disruption:** All permanent improvements will fit within the existing UDOT right-of-way. However, a few property owners may be contacted for temporary construction easements. This is to ensure we have enough space to complete the work effectively and integrate any changes to the roadway seamlessly with nearby driveways.

### Timeline:

- **Design Phase:** Currently underway,
- **Construction Phase:** Scheduled for 2025.

**Stay Informed & Get Involved** Your input and understanding are invaluable to us. For more information, updates, or if you have any questions:

We're here to make this process as smooth and transparent as possible. Your cooperation and support are greatly appreciated as we work together to enhance our community's transportation infrastructure.

**For more information, join us at the City Council meeting,  
February 15, at 6:00 p.m. 1570 West 400 North Marriott-Slaterville**
